

*Dear Royalston Residents and other Friends,*

The Friends of the Phineas S. Newton Library invite you to **join or renew your membership in the Friends of the Library.**

Our Library is a community hub. It is a place to safely get books, magazines, audio books, DVDs, music, computers and super-fast Internet access - as well as items such as an Orion telescope, a state parks pass, ice cream makers, folding tables, or a digital projector. Its **newsletter** keeps residents informed and connected. Not only a free **source of entertainment and information**, our Library is also an important **community center for our town**. The Friends of the Library is an active volunteer group, which supports our Library in these efforts. *New members and new ideas are always needed.*

### **Accomplishments of the Friends of the Library over the past year include:**

- Producing and mailing over 22 years of **the Royalston Community Newsletter**, sent without charge to every household in town.
- **Purchasing** patron favorites such as DVDs, CDs, and audiobooks as well as Wowbrary and maintaining a Little Free Library in the South Village.
- **Facilitating enrichment programs**, featuring: presentations by local artists and authors, craft kits and gatherings, school vacation presentations, the Winter and Summer Reading Programs, an ice cream truck, and weekly yoga.
- **Fundraising efforts** include the plant sale, newsletter ads/sponsorships, and note card sales.

**Some expenses anticipated in the upcoming year:** improving library computers, facilitating enrichment programs, including the return of the Royalston Shakespeare Co. and snow sculpting, funding library requests, providing many hours of volunteer labor, and publishing 10 issues of the Royalston Community Newsletter.

The Friends of the Phineas S. Newton Library support this Newsletter and many other activities.
